## SUMMARY

---

Dynamic and results-driven Full Stack Developer with a proven track record of designing, implementing, and maintaining robust web applications. Proficient in both front-end and back-end technologies, with a keen focus on delivering high-quality solutions. Adept at third-party API integration and payment gateway implementation. Passionate about staying updated with the latest industry trends and technologies

## PROFESSIONAL EXPERIENCE

---

**Integra Software Services Private Ltd, Chennai**

Nov 2019 – Present

### Full Stack Developer

- **End-to-end Development:** Spearheaded full-stack development of web applications, ensuring seamless integration between front-end and back-end components.
- **Code Optimization:** Conducted comprehensive code reviews and implemented optimization strategies, resulting in improvement in application performance.
- **Agile Methodologies:** Adhered to Agile development methodologies, contributing to sprint planning and consistently delivering on-time and within scope.
- **Continuous Learning:** Stayed current with industry trends and emerging technologies, integrating the latest tools and best practices into development processes.
- **Documentation:** Created and maintained comprehensive documentation for codebase, APIs, and development processes to facilitate knowledge transfer within the team.
